

WEDNESDAY, JANUARY 31.

There are some things like drugs that you can get better and cheaper at a drug store than anywhere else. One of them is soap—we mean toilet soap, of course.

Do you remember the old original white castle soap that used to strike terror to our youthful hearts when Saturday evening came round, marking the time for the weekly "scrub." We've got that kind (the oldest and best castle) at 20c per lb.—6 1/2 or 3 1/2 lb cakes for 25c.

A dozen different kinds of good toilet and bath soaps at 5 and 10 cents a cake.

Packers, Cuticura and other special purpose soaps—a full line.

Williams' famous Yankee Shaving Soaps—mug soap and shaving stick. The shaving stick, by the way makes shaving a pleasure, to those who are their own barbers.

Pear's—the kind Henry Ward Beecher used—unscented 15c, the scented costs 20c.

Those who know and want the highest priced soaps, can get White Rose Glycerine No. 4711, Cashmere Bouquet and Rogers & Gallets soaps. There are no better.

The best and purest drugs and chemicals in stock.

—Lizzie Beatty, aged seven years, whose parents live a short distance above Dawson station on the W. N. Y. & P. road, was very seriously and perhaps fatally injured last Friday. A pan of grease was upset from the stove upon the child and took fire, and before the flames could be extinguished the little girl was terribly burned. Mr. Morrow of West Hickory is the attending physician, and he reports his patient in a very critical condition.

—There is practically nothing new to report in oil matters hereabouts this week. About all operations have ceased for the time being, or until the weather is more propitious for that class of work. The well on Adam Emer's farm, German Hill, is dry, the drillers having pulled the casing and abandoned the hole. About the most ticklish thing that has happened the oil producer within the past week is the advance in price of 2 cents a barrel on his product.

—Editor Dennison of the Bradford Era hits the nail on the head in the following in his "Random Notes" column: The profits of advertising are not direct, as the returns from a sale. Nevertheless, when the proper medium for bringing an advertisement before the public is selected the profits are usually immediate, although, of course, they come in a round-about manner. If at times they seem delayed it is because the merchant's announcement did not reach the people who so patronize he seeks or because there is no passing demand for the special line of wares which he may have for sale. In either case the profit is sure to come eventually; for the purpose of advertising is to awaken interest in the tradesman's goods, and once having aroused the interest the wary merchant will perceive the necessity of sustaining it—a result sure to be attained by a persistent use of a great newspaper's advertising columns.

From the Far West.

From a personal letter from John F. Root, of Ostrander, Washington, to his old friend, George Bovard, of this place, we are permitted to make the following extracts:

I was just thinking of the good old times I used to have on Tionesta creek and in Tionesta, and how often I have run into your store to get some little article. I sometimes wish I was back there, then, again, I don't like cold weather. Out here we have had very nice, warm weather; in fact, black raspberries have matured and ripened this winter, dandelions are in bloom, grass is growing, trees are budding and some fruit trees are nearly blooming. We have a great deal of rain, but no cold weather.

We are putting in logs on the railroad at the rate of about 60,000 feet per day. Five donkey engines in the woods skid the logs to the railroad where the logs are put on the cars, and hauled by an engine to the Cowitz river, five miles, and there rafted. Here tow-boats come and take the rafts to Portland, fifty-one miles. We put about 300,000 feet in a raft and get for them \$5.50 to \$9.00 per M., log measure. The lengths run from 24 to 170 feet. We live near the banks of the Cowitz river, 9 miles from the Columbia river, and 81 miles from the Pacific ocean.

E. S. Collins is making great improvements out here. He built a large store, blacksmith shop, carpenter shop, saw mill, steamboat warehouse, railroad station on the Northern Pacific, and 8 or 10 dwellings. Last year he built about a mile of new railroad and rebuilt about a quarter of a mile of old road. We have a fine church, but by Mr. Collins, have preaching and Sabbath school regularly, and prayer-meeting every Wednesday evening. We have also a good day school with an attendance of 38 or more scholars daily. Remember me kindly to all old friends.

Another New Railroad.

For the information of persons who may desire to secure employment as railroad builder, the Era is pleased this morning to announce that the contract for the construction of the Sheffield & Tionesta railroad has been awarded to Crage & Trench, of No. 61 Terrace, Buffalo, N. Y. This road is to be 24 miles long and will run from Mayburg, at the terminus of the T. & S. C. railroad, to Sheffield, Pa., connecting at that point with the Tionesta Valley railroad and the P. & E. branch of the P.-ms.vlvian.

The contractors have established their headquarters at Sheffield, Warren county, Pa., and will put 500 men at work as soon as camps can be built to accommodate them.

The clearing, trestle building and heavy rock work will be commenced in the spring as soon as the frost is out of the ground.

This construction company was incorporated January 6, 1900, with \$25,000 capital. T. D. Collins of Nebraska, Pa., is president.—Bradford Era. [So far as we have been able to ascertain the distance is only 16 miles. That is the only objection we have to the foregoing item.

Notice.

On and after Monday, February 5, 1900, all Patent Medicines will be sold by the undersigned dealers, at the prices marked by the manufacturers of the remedies. G. W. BOVARD, HEATH & KILMER, J. D. DAVIS.

Wood-Choppers Wanted.

The undersigned will pay one dollar twenty-five cents per cord for cutting 4-foot wood, 25,000 cords to be cut this season. Apply to C. W. Freeman, Kushoga, McKean Co., Pa., Foreman for Elisha K. Kane.

Eli Perkins

The committee of the lecture course have been fortunate in securing Eli Perkins for their second entertainment, and he will meet a large audience at the Court House in Tionesta next Tuesday evening, Feb. 6th, if present indications are worth a cent. Mr. Richards at the Gas Office has sold a large amount of the reserved seat room already, exclusive of the course tickets, and those who would prefer a ticket of this kind should call on him at once. Many general admission tickets have also been sold, and word comes from Kelletville and other places that many will avail themselves of this opportunity of hearing the man of whom they have read so much. He'll be here sure for he says so himself on a postal card to Prof. Spear, chairman of the committee, as follows: "I am always present when I lecture. If all trains break down I will walk up from Pittsburgh, and let my truth and veracity follow on a freight. My subject will be 'Philosophy of Wit, and Stories Around the Stove.' It will be along scholastic lines and contain as much fun as your strongest man can stand." Don't fail to hear the immortal Eli. Reserved seats 50 cents, general admission 35c, and children 25c.

West Hickory.

Mr. and Mrs. John Vall were Tidouate visitors the first of the week.

Miss Josephine Carson bade friends at Hickory "Au revoir" to surprise friends and relatives at Nebraska.

Mr. J. A. Turner went to Tidouate to spend Sabbath with his parents.

Miss Justina Siggins, after a fortnight's wrestle with a severe cold, is convalescent.

Geo. Hood was in Oil City on business this week.

Mrs. A. J. Siggins entertained a few friends at dinner Thursday.

Miss Helen Wilkins entertained ten of her young friends at a birthday party last Tuesday, it being her tenth birthday.

Services, which were held by Rev. Mr. Anich of Tionesta at Endeavor, found several faithful attendants from "West Town."

Church and League were postponed on account of re-vival services at East Town, which are being conducted by Rev. R. L. Foulke.

The snow storm of this week was welcomed by everyone, especially the lumbermen.

Several members of the W. C. T. U. and others attended an oyster supper given by the Endeavor W. C. T. U. on Tuesday evening.

Mr. W. G. Wilkins is our new postmaster. By all appearances he is a very busy man, having the post office, telephone central and drug store to look after. He is being ably assisted by his postal clerks, Mrs. W. and son Fred.

The lath mill, which has been tooting its whistle under the management of J. G. Carson, has ceased its soothing noise for lack of bolts. "LUCKY."

Births and Deaths.

The number of births and deaths in Forest county during the year 1899 is shown in the following table taken from the record in the Prothonotary's office:

Table with columns: Township, Bir.hs., Deaths. Totals: 265 births, 60 deaths.

A Beautiful Monument.

One of the largest and most expensive monuments in Warren county has lately been erected on the lot of H. A. Jamieson in Oakland cemetery. It is of Quincy, Mass., granite, sarcophagus pattern, with ornamental columns and caps beautifully carved. Surmounting this pedestal is an emblematic statue of Hope that is 8 feet, 6 inches in height, making the total height of the monument twenty feet from the ground. It is from the Foley Bros., Olean, N. Y.—Warren Mirror.

THERE are TWO CLASSES of MEN

whom this ev'nt will interest—those who need Overcoats now and who have been waiting for "Lammers" to make a cut in price, and those who, while not requiring new garments this season, will gladly purchase for next winter for the sake of the handsome saving to be made. Our motive in making such reductions as are indicated below is one of ordinary business prudence. The regular season is over, spring goods will soon claim floor room, and our policy has always been to sell without regard to profit rather than to carry over stock. But what YOU want to know is simply—"What is this sale worth to me in dollars and cents?" Here is the answer:

- Good Blue and Black Overcoats, with velvet collars, deep cloth facing, and a good \$8.00 worth, for only \$5.75.
Heavy light colored Covert Overcoats, stylish and substantial, and as good as you'll find anywhere for \$10, we offer for \$7.50.
Blue and Black Kersey Overcoats, richly gotten up with velvet collars, substantial sleeve linings and good body linings—genuine in appearance—coats that will give the best of satisfaction—usual \$12 garment, for \$8.90.
Fine qualities of Kersey and Melton Overcoats, in black, blue and medium shades, lined throughout with satin, silk sleeve linings, silk velvet collars—costs worth every penny of \$15 we offer at \$11.50.
Equally good value will be found in our splendid assortment of Ulsters and Reafers. We prove and keep in repair all clothing bought of us, free.

—Pete Carns has the honor of capturing the largest wild cat that has been shown in this place this winter. He brought in one last Friday that weighed 28 pounds and measured 4 feet and 7 inches from tip to tip. But "Pete" was not satisfied at that, and he and Charley Amann went out the next day and caught another one. The last one was not so large as the other, but Amann, who says he shot it (and we never knew Amann to lie "unless it was strictly necessary"), says that it looked larger to him than Jumbo ever thought of being.
